

ANNOUNCEMENT

Grants provided by

”Stiftelsen för främjande av ekonomisk forskning vid Lunds Universitet”

For the spring 2024, Stiftelsen för främjande av ekonomisk forskning vid Lunds Universitet has decided to assign SEK 200.000 for stipends and research grants.

The purpose of the foundation, and the forms of contributions, are formulated in the statutes of the foundation:

§ 2

The purpose of the foundation is to promote such economic research at Lund University that is of interest to industry and trade. Therefore, the research shall be connected with any of the subjects of business administration, economics, business law, and economic geography.

In particular, research connected with subjects such as distribution, international markets, monetary policy and capital movement, transport, cost and revenue analysis, corporate administration, finance, budgeting, accounting and taxation. Applications for research involving conditions in Southern Sweden should be prioritised if applications are otherwise equivalent.

§ 10

Grants from the foundation may concern salary or fees to researchers and their assistants, travelling for fieldwork, printing costs and other costs associated with certain research project. Grants may also be awarded for contacts with other universities or institutions.

Priority for grants is travelling for fieldwork and participation at conferences.

Applications for grants must be received by the 10th of April 2024 by e-mail to kerstin.bengtsson@handelskammaren.com or by post to

Stiftelsen för främjande av ekonomisk forskning vid Lunds Universitet
c/o Sydsvenska Industri- och Handelskammaren
