COURSES AND REQUIREMENTS

LUSEM offers courses for exchange students within business administration, business law, economics, economic history, informatics and statistics. Exchange students are expected to take the majority of their courses at LUSEM. Courses are in high demand, and have varying prerequisites. Courses on graduate level are only open to graduate level students, and seat availability cannot be guaranteed. Students should apply for four to five courses, each with two alternatives. All courses, including alternatives, must be approved by home university before applying.

Changes can only be made due to conflicting schedules. Visit lusem.lu.se/exchange/courses for more information regarding courses, syllabi and prerequisites.

Nominated exchange students are not required to submit English language test scores. The recommended level of English proficiency is equivalent to IELTS 6.5/TOEFL PB/IB 575/90 or CEFR B2 level.

COURSE LOAD, GRADING AND TRANSCRIPTS

A full semester workload is 30 ECTS credits. A single course module typically equals 7.5 ECTS credits, but some are worth 5, 6 or 10 credits. If you need to apply for up to 5 courses in order to reach 30 ECTS credits, this is accepted. The grading system used is a criterion-based grading scale A-F.

A verifiable digital transcript can be downloaded from the Student Portal once the results for all courses have been reported. Hard copies are only sent upon request by the home university. Written retake exams are only available in Lund.
ARRIVAL DAY AND ORIENTATION WEEKS

All international students are recommended to arrive in Lund on the official Arrival Day, where mentors and university staff help you settle into your new life in Lund. International mentors will meet you at Copenhagen airport and at the railway station in Lund. Arrival Day is the start of the Orientation weeks, which include a variety of activities that aim to help you settle in smoothly at the University and in student life.

Visit lunduniversity.lu.se/arrival-and-introduction for more information to prepare your arrival.

SWEDISH COURSES

The orientation weeks include a short Swedish language course, SUSA11 or SUSA12, designed especially for exchange students to give an introduction to the Swedish language. You sign-up for the language course as part of the online application for nominated exchange students, before coming to Lund.

You can also apply for longer courses in Swedish Language (SVEE courses) worth 7.5 credits. There are courses for beginners, as well as relatively advanced speakers. All courses are scheduled in the evenings. If there are seats available, you can take the course as an “extra” course on top of your 30 ECTS credits.

PRE-REGISTRATION DAY

On Pre-Registration Day there will be an information meeting where students will meet their coordinators, are offered a campus tour and will get to meet other exchange students.

MENTOR PROGRAMME

In order to help students settle in and adjust to Swedish everyday life, Lund University offers an International Mentor Programme. Information about joining a mentor group is provided with our pre-arrival material. Participation is voluntary.
